Sirs:

In response to the Office Action mailed August 4, 2003, please amend the claims as follows:

1. (Currently Amended) A method of generating a frame prototype image showing a picture image framed within a frame, the method comprising:

providing a frame image showing the frame in a perspective view, the frame image having a picture portion corresponding to the portion of the frame used to view a picture mounted in the frame; and

texture mapping the picture image to the picture portion of the frame image in order to generate the frame prototype image.

2. (Original) The method of claim 1, further comprising identifying a picture portion of the frame image.

3. (Original) The method of claim 2, wherein identifying the picture portion of the frame image includes providing a mat identifying the picture portion of the frame image.
